

Please comment on the following aspects of the application:

1 - Does this proposal advance the science and/or practice of dietetics?

2 - Is the time scale realistic?

3 - Has sufficient consideration been given to the financial details of the project?

4 - Does the proposal represent value for money?

5 - Does the applicant's CV suggest that he/she has experience to take responsibility for this project?

6 - Are the monitoring arrangements sufficient?

7 - Has this proposal been subject to the appropriate ethical review?

8 - Are the plans for dissemination appropriate?

9 - Does the project have long term sustainability?

10 - Is it possible to identify any risks to the BDA or Trustees as a result of the project?
