

Admission Requirements and Application

- Priority of places on all modules will be given to practising UK registered dietitians
- Students must be registered with the Health and Care Professions Council
- International applicants will be required to be Registered Dietitians in their own country. (Unfortunately, for the MSc programme, we are not able to accept application for the non-EU overseas students for this programme as it does not comply with the current Tier 4 VISA requirements)
- Students must have funding in place prior to application
- All places are allocated on a first come first served basis. When places have been allocated, a waiting list will be in operation (please note waiting lists do not overrun into the next module)
